ENERGY SALES AND MARKETING

WHO IS ELECTRIC & GAS SAVINGS, LLC?

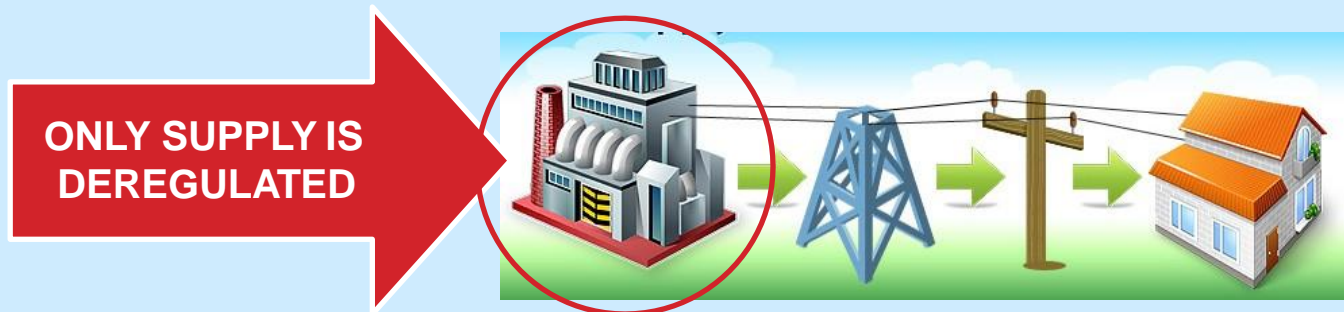

Take a
closer look
at your ever increasing
energy costs

- ⚡ **Electric & Gas Savings, LLC**, is a Texas-based company, formed in 2002 as a result of electric and gas **deregulation** and **customer choice**.
- ⚡ **Electric & Gas Savings** procures electric and gas supply through the industries' leading suppliers – at the most competitive rates available.

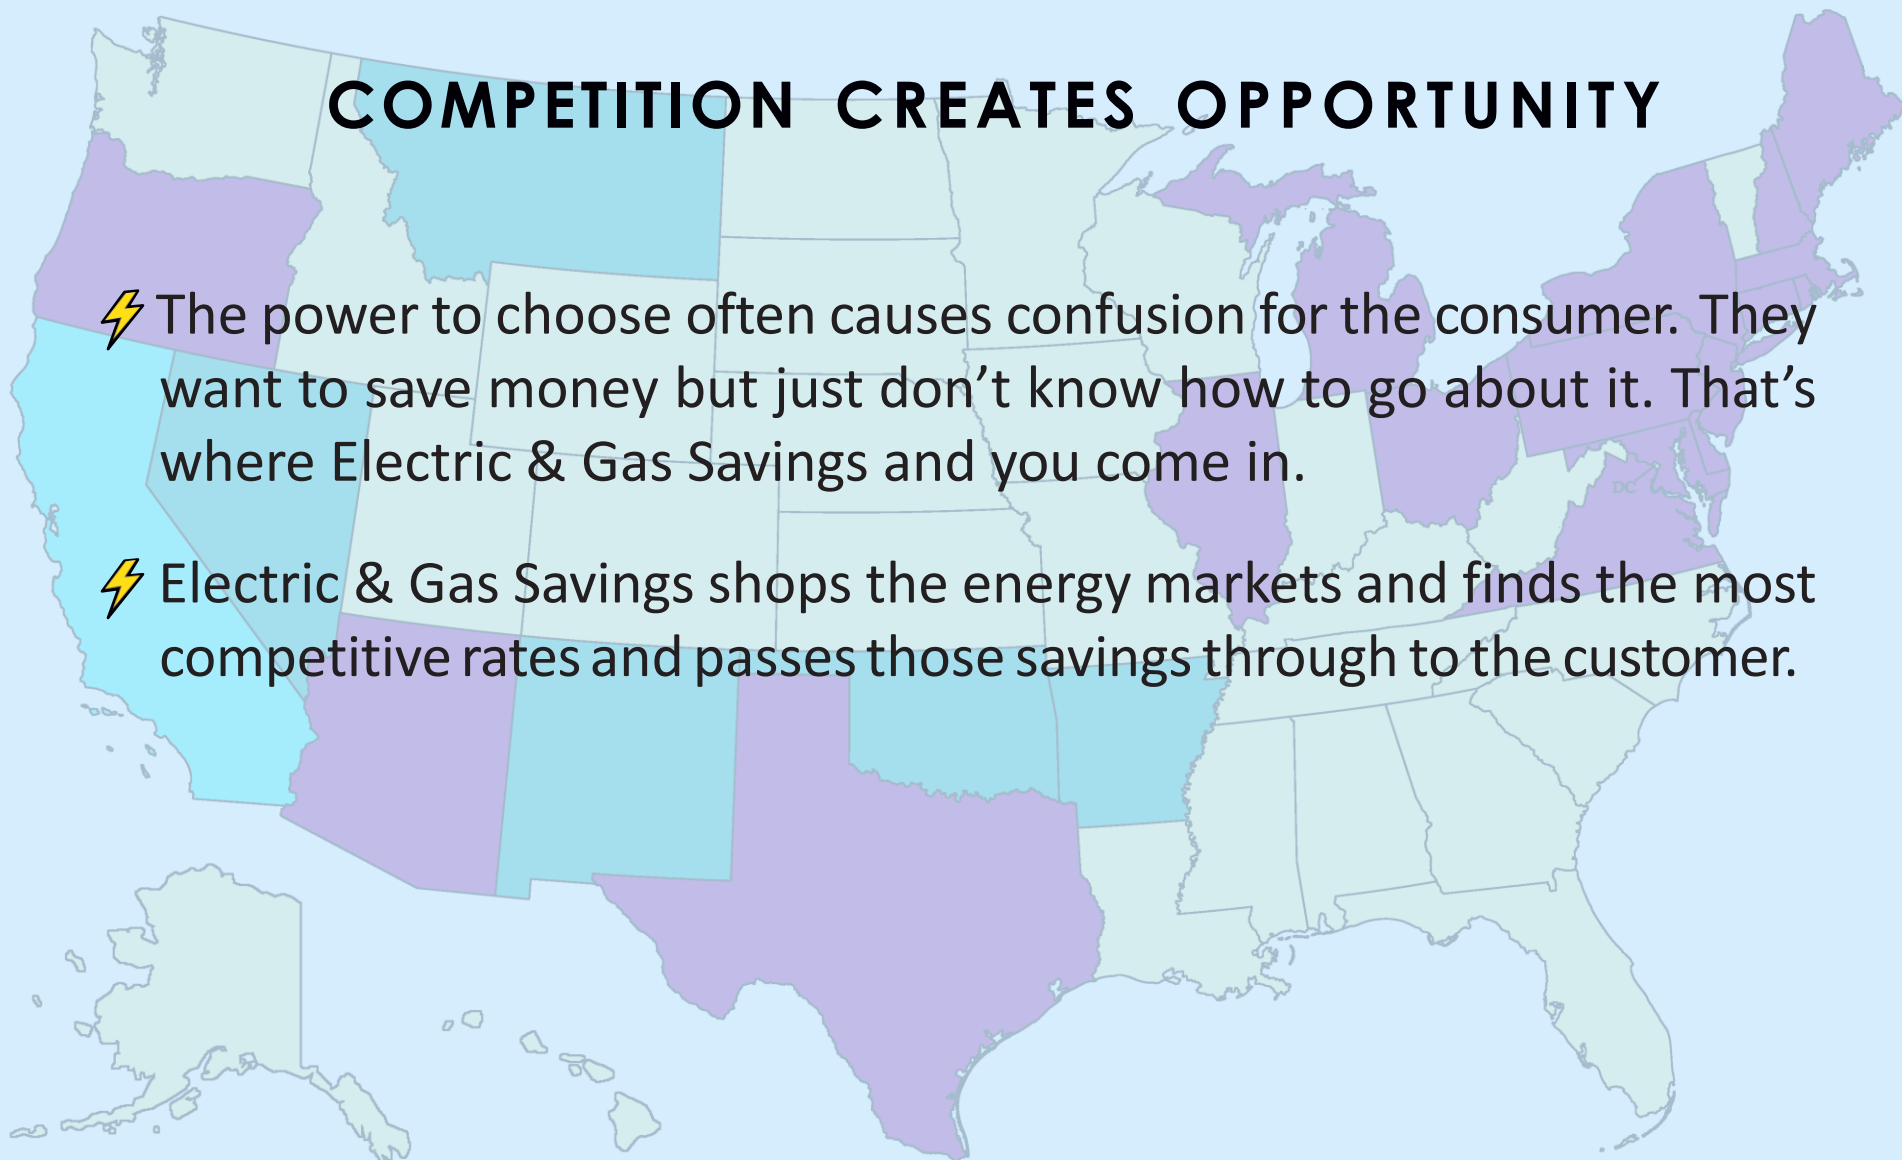

ABOUT ELECTRIC DEREGULATION

- ⚡ Deregulation of electricity enables nonutility companies to sell their energy in deregulated markets.
- ⚡ Only the price of the commodity supply has been opened to deregulation.
- ⚡ This allows consumers in deregulated states to choose who supplies their electricity and gas supply.
- ⚡ The delivery (transmission and distribution) of electricity and natural gas is provided by your local utility.

DEREGULATION, WHAT DOES IT REALLY MEAN?

COMPETITION CREATES OPPORTUNITY

- 
- ⚡ The power to choose often causes confusion for the consumer. They want to save money but just don't know how to go about it. That's where Electric & Gas Savings and you come in.
 - ⚡ Electric & Gas Savings shops the energy markets and finds the most competitive rates and passes those savings through to the customer.

OUR AFFILIATE PROGRAM FOR ENERGY SALES

- ⚡ As an independent agent, you provide a product and service that customers not only need, but want.
- ⚡ Earn residual income selling to commercial/industrial and manufacturing facilities.
- ⚡ Earn a commission and make residual income from residential customers.
- ⚡ Become a certified energy advisor, complete the REX (Retail Energy Xchange) Agent Certification Program.

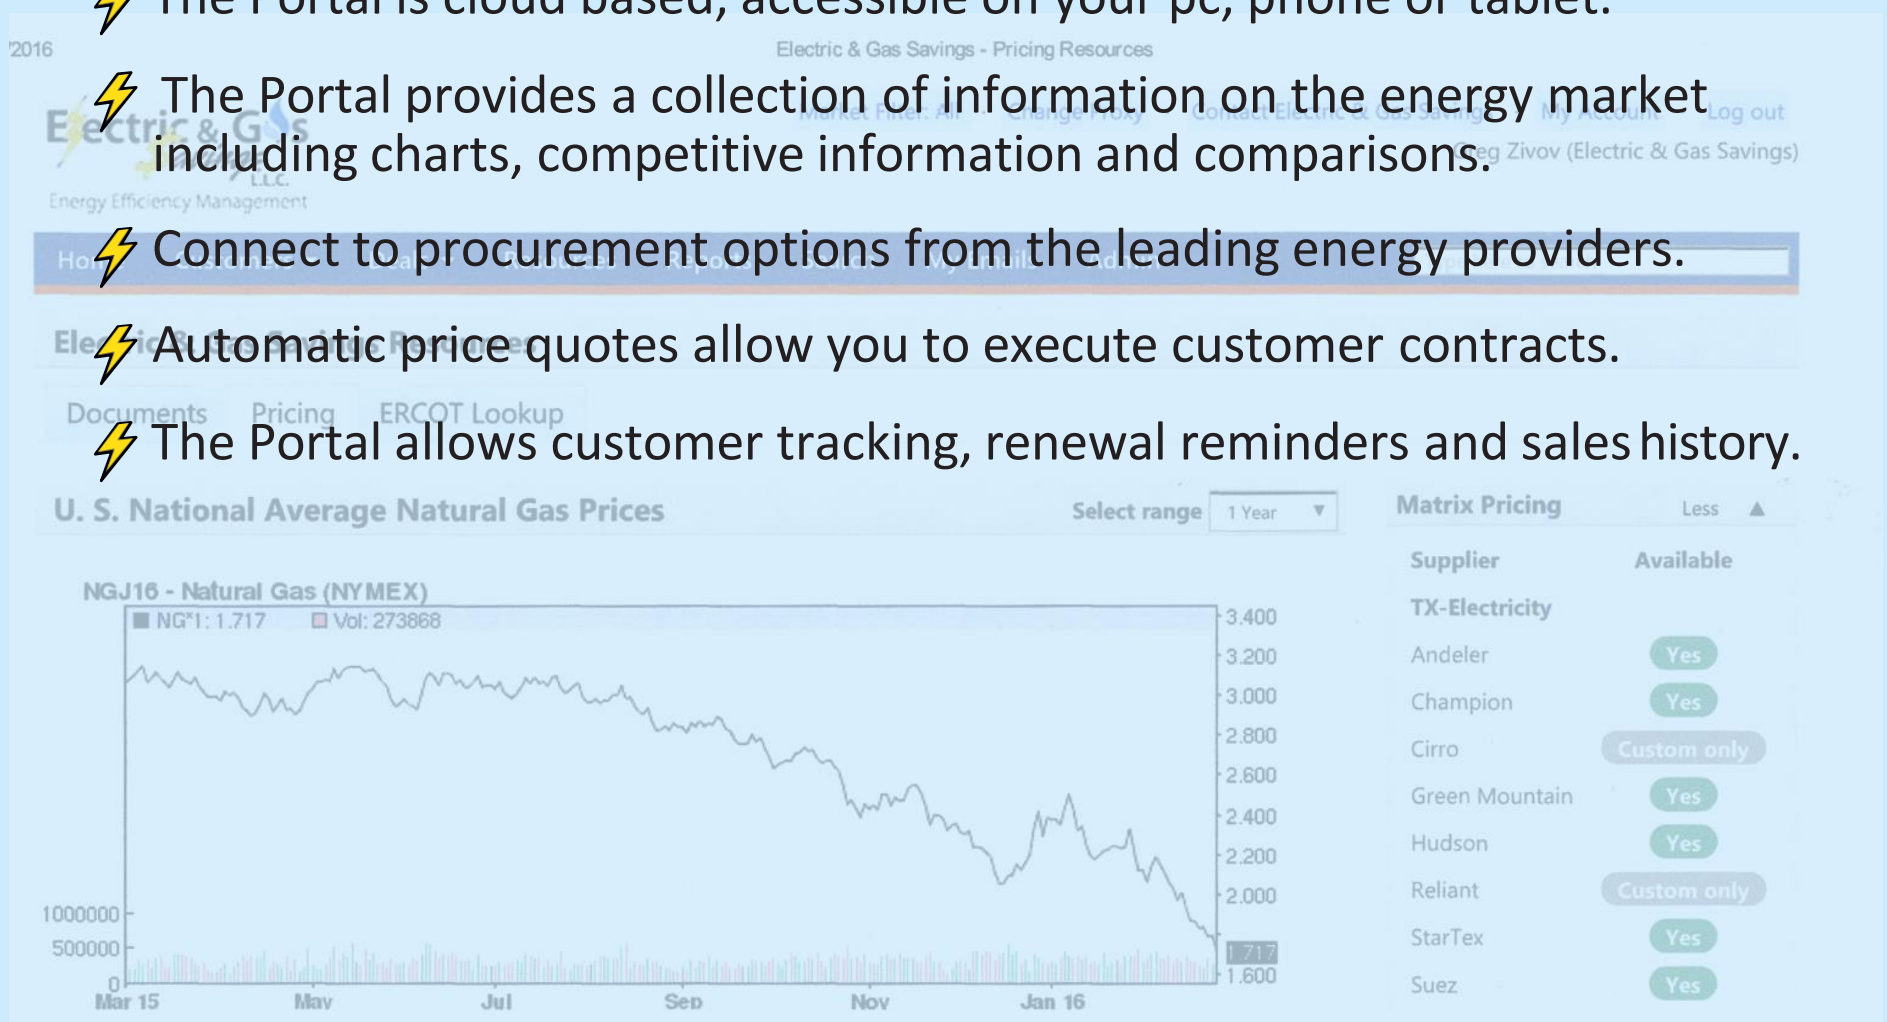

ABOUT DEREGULATION IN TEXAS

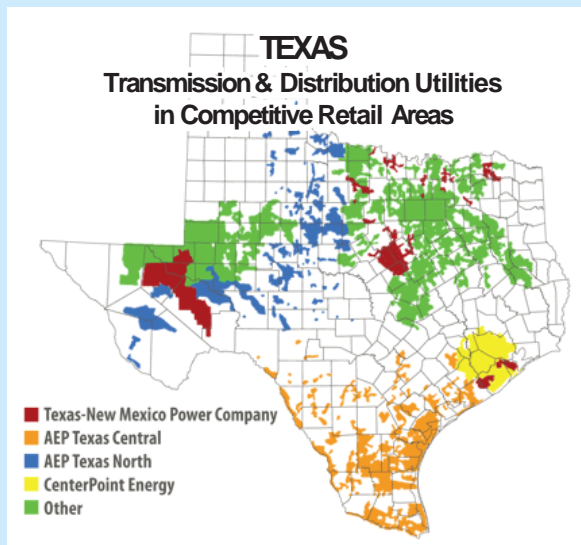

- ⚡ Texas is a mature market when it comes to deregulation.
- ⚡ Electric & Gas Savings, LLC works with the leading energy suppliers.
- ⚡ Many businesses already understand the advantages of a competitive market.
- ⚡ As an affiliate, the deals you establish are registered to you, and you receive up-front or monthly commissions, including renewals.

THE ELECTRIC & GAS SAVINGS PORTAL

- ⚡ The Portal is cloud based, accessible on your pc, phone or tablet.
- ⚡ The Portal provides a collection of information on the energy market including charts, competitive information and comparisons.
- ⚡ Connect to procurement options from the leading energy providers.
- ⚡ Automatic price quotes allow you to execute customer contracts.
- ⚡ The Portal allows customer tracking, renewal reminders and sales history.

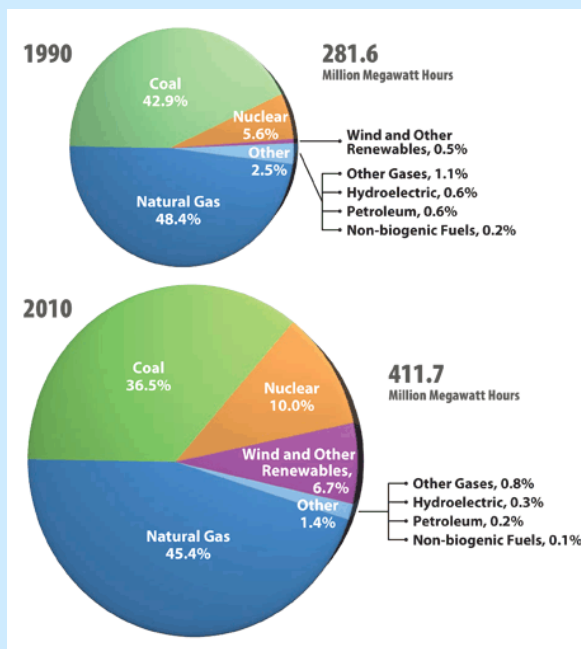

IT'S NOT COMPLICATED TO BECOME AN EXPERT

⚡ The REX Agent Certification Program covers electricity deregulation, competitive market structure, regions open to competition and the switching process.

- electricity deregulation (which really means the end of monopolies, but the industry and markets still are regulated for the benefit of consumers)
- competitive market structure
- regions open to competition
- switching process for customers and agents (driven by retail suppliers)

BUILD YOUR OWN BUSINESS BY CONNECTING DIRECTLY WITH CUSTOMERS

- ⚡ Tools for success in our Affiliate Program.
